

A Report on Faculty Development Programme

on

Learning with MOOCS

by

**Prof. N.B.Venkateswarlu, GVP Engineering Collegefor Women,
Visakhapatnam**

On

08-07-2017

Emergence of using technology in the teaching learning process in the educational system has become inevitable. The usage of **MOOCS platform SWAYAM** will enable students to attend the courses virtually taught by best faculty, access high quality reading resources, participate in discussions and forums to take test and earn academic grades.

In this context Prof. N.B.Venkateswarlu, GVP Engineering Collegefor Women, Visakhapatnamhas been identified as a well versed person in the subject and invited to conduct a two day **UGC sponsored workshop on Content Designing & Development in MOOCS and MOODEL** on 08-07-2017.

In his course of speech he explained about the value of **MOOCS** in the **MOODEL** platform. He also explained the process of **Content Designing and Development** to evaluate the learners experience of MOOCS. He explained about learning analytics for each course.

He trained the faculty on how to prepare

- Course Structure and its relevance of the course
- The process to become Administrator and how to facilitate the course.
- How to join the students in the courses offered and how to teach them.
- How to prepare lessons by dividing into different modules.
- How to use Technology and Latest Pedagogy in teaching.
- How to monitor the enroll students in MOOCS.

On the second day of his deliberations Prof. N.B.Venkateswarlu created an awareness on

- How to register in MOOCS
- How to convert Conventional teaching into student centric teaching.
- How to make teaching effective by using latest pedagogy.
- How Online Teaching supports the students.
- How to download such apps.

At the end of the session he created proper **awareness** and **interest** among the faculty to use **MOOCS & MOODLES** and encouraged to improve **quality** in teaching.
