Autonomous colleges exercise independent control. They are self-governed; free from external control have responsiveness, responsibility and accountability. They must enhance the quality of education. It is the need of the hour to maintain quality in the autonomous colleges for their survival.

IQAC of the college invited Dr.G.Sri Rangam, Dept of Zoology, Andhra Loyola College, Vijayawada as a Resource Person to enlighten and suggest some quality measures to be taken by the teaching faculty.

In his speech he said that curriculum planning and design should be goal oriented. There should be programme options and academic flexibility. Feedback mechanism is important to maintain quality. In addition to it the teaching learning process, teacher quality, evaluation of teaching, evaluation of learning and examination reforms should be in such a way to improve the quality in autonomous colleges.
