Skills for An Ideal Teacher

by

**Prof. P.Raj Kumar, Director, Campus Recruitment Training,
Visvodaya Technical Academy, Kavali**

on

09-12-2015

The development of the student depends upon the ability of the teacher. An ideal teacher will make well educated and responsible citizens of the country. Teachers not only develop knowledge but they are leaders who are fit for future.

The IQAC of the college has taken an initiative to invite Prof. P.Raj Kumar, Director, Campus Recruitment Training, Visvodaya Technical Academy, Kavali as a Resource Person to train the faculty on how to acquire skills to be an ideal teacher.

Prof. P.Raj Kumar in his deliberations said that there is much demand for the educators but they need effective teacher with strong professional skills. In his speech he said that there are a set of professional skills to be acquired by the teacher. They are: The teacher

- Must be enthusiastic.
- Must have leadership quality.
- Should have advanced planning.
- Respect in the class.
- Should possess ability to teach.
- Must have good communication skills.
- Herself adopts unforeseen situations.
- Should possess interpersonal skills.
- Should have self-evaluation are needed to improve quality in teaching.
