Quality is essential to meet the global competition in education. A balanced curriculum is one of the pre requisite for quality enhancement and to provide holistic education. To make the education learner centric innovations in learning is essential. Education is a dynamic phenomenon and a proper curriculum is essential for quality enhancement in higher education.

IQAC of the college has taken an initiative to invite Dr.V.S.N.Raghava Rao, Principal, Vasantharao College of Arts & Commerce, Mahasala, Maharashtra as Resource Person to deliver a lecture on Enhancement of Quality in Higher Education and provide necessary knowledge to the teaching fraternity.

In his discourse he said that IQAC plays an important role to improve quality in educational institutions. Best practices are to be implemented in the institution to take education system towards quality improvement. He explained important aspects like Assessment process, procedures, grading systems and other implications. He also said that quality enhancement and its sustenance is very important. He opined that on monitoring and supervising teaching, learning evaluation and infrastructure development. Expansion of advanced learning facilities and inclusion of disadvantaged groups would bring quality in education. Teachers should play a key role to improve language skills, communication skills and technical expertise among the student community and then only education can contribute for the around development of the students.
