

BASIC ELECTRONICS & CIRCUIT DESIGN

A Two Day Workshop on “BASIC ELECTRONICS & CIRCUIT DESIGN” was conducted on 10-12-2018 & 11-12-2018 .55 students of First M.E.CS participated in this workshop.

DESCRIPTION OF THE PROGRAM:

It is very essential for the first year Electronics graduates to attain good knowledge on Basic Electronics and Circuit Designing. It will be helpful for students in further education and project designing. Sri. I. Venu Kumar, Research & Development., Assistant Director, TechteamSolutions, Vishakhapatnam acted as Chief Guest and created awareness on all basic electronic components and designing of different circuits.

TRAINING ON CIRCUIT DESIGNING
