

Spectacular Demonstration in Physics

Arranged a Workshop on **Spectacular Demonstration in Physics** by Prof.T.Srinivas Nata Rajan I/c Registrar, IIT, Tirupathi on 18-8-2017.

The Resource person explained how liquid Helium is used and how all the gas laws are applicable in daily life. Principles of Boyle's & Charles's Laws were also explained. He demonstrated the changes of transition temperature by using liquid Nitrogen. He discussed Bernouli's theorem and its applications.
