Organizing an awareness Programme on ***“Awareness on Placements Training along with Career Guidance”***

Mr. G. Nagendra Babu created awareness about placements and gave career guidance to the students. He explained about the essentials required for a student to cope up with the present day competitive world. He gave the importance of quantitative aptitude and reasoning which plays a significant role at time of placements. He motivated students to overcome their stage fear and to improve their communication skills and advised the students to practice as many as problems and puzzles as possible. and stressed the importance of practical knowledge besides theory. A total of 200 students from I MECS, MCCS, MSDS, MSCS(A), MSCS(B) attended this program.
