

## *“Field Visit”*

### *Preamble:*

Department of Chemistry arranged a Field Visit to **HINDUSTHAN COCA – COLA BEVERAGES PVT. LTD.**, Pedavadlapudi, on 09.01.2024.

### *Participants:*

50 III B.Sc. BZC & MPC Chemistry Students and Two faculty members.

### *Description of the Programme:*

The Department arranged a field Visit to **HINDUSTHAN COCA – COLA BEVERAGES PVT. LTD.**, Pedavadlapudi, for III B.Sc BZC & MPC Chemistry Students. In this visit students got awareness about the preparation of Beverages. The staff of the industry explained about various chemical techniques used in preparation of Coca-Cola, Sprite, Minute maid, Pulpy Orange, 7-Up and Soda. Students also learnt about analytical methods and instruments which are used in the process of production of Beverages. They also explained about the working of various machineries in the industry. Finally they discussed about the packing and marketing of Beverages. Students are very much impressed and gained knowledge about manufacturing of various beverages.
