

## **A FIELD TRIP TO CIPET**

**(Central Institute of Plastic and Engineering Technology)**

### **Preamble:**

III BSC chemistry cluster students visited **CIPET**, at Surampalli, Krishna District.,

on 09-01-2020.

### **Participants:**

60 students and 3 faculty members.

### **Description of the Programme:**

The students visited CIPET and studied the raw materials and chemicals used in the preparation and processing of plastic materials. They also understood the polymer additives used in the industry. They observed the colorants, moulds and anti-oxidants used during the preparation of polymer materials. They also got awareness on the various job oriented diploma courses offered by the industry.
