

## Two day International Conference

### Preamble:

Department of Chemistry Organise a Two day International Conference on “**Chemical and Biochemical approaches for Development of Drug Targets Against Modern Diseases (ICCBAD-24)**” on 28<sup>th</sup>&29<sup>th</sup> February 2024.

### Participants:

250 Students of Chemistry and Biochemistry students.

### Resource Person:

**Dr. D. Rama Sekhara Reddy**, HOD, Department of Chemistry& Dean-CDC, Krishna university, Machilipatnam.

**Dr.Sethu Ram Kavuri**, Director, Biopharma clinical services, Kalamazo, Michigan, USA.

**Dr.Anil kumar Pasupuleti**, Dept of Biochemistry,central university.

**Dr.N.Venkata Prasuja**, Dept of Biochemistry, ANU, Guntur.

**Dr. Vijaya saradhai settaluri** , university of technology and applied science, Oman

### Description of the Programme:

On the occasion of National Science Day the Department Chemistry and Biochemistry Organised a Guest Lecture on Two day International Conference on “**Chemical and Biochemical approaches for Development of Drug Targets Against Modern Diseases (ICCBAD-24)**” for all year Chemistry and Biochemistry students. The resource persons are clearly explained about the Drug development and Discovery by various techniques. They also explained about the preparation and functions of various types Drug Targets against number of Modern diseases. The Resource Persons discussed the plenty of career opportunities for chemistry and biochemistry students in pharma and medical fields. In the first day of conference we released a Book with ISBN NO: 978-93-340-2528-6 with 35 articles of Faculty and Students. In this conference old students from USA and UK are interacted with students. in the second day of conference the Research Scholars from Central University, Acharya Nagarjuna University and Krishna University and students from SDMSMK, St. Theresa Eluru are Presented a Papers.
