

## Protection Measures of Ozone Layer

A Seminar, Poster presentation and Collage were conducted on **Preservation and Protection Measures of Ozone Layer** on the occasion of World Ozone Day on 15-09-2014.

### Participants:

A total number of 50 students and faculty.

### Resource person:

Dr. P. Brahmaji Rao, H.O.D, Environmental Science, Acharya Nagarjuna University, Guntur.

### Description of the programme:

In his lecture the resource person suggested the protective measures to prevent the Ozone Layer and how it is depleting day by day by Vehicular and Industrial pollution. He also suggested to control the products containing hydro chlorofluoro carbons and CFCs. He felt that the refrigeration or air conditioning, usage of vehicles and industrialisation must be reduced to protect the ozone layer.

**“Earth without ozone is like a house without a roof – Save ozone layer”**
