

## SEMINAR ON CYBER MITRA AND WOMEN SAFETY

**Date:**17-12-2019

**Resource Persons:** 1.Sri N. Surya Chandra ,South Zone ACP

2. Sri P .Satyanandham , C.I

3. Kum.Fatheema S.I(Cyber Mitra)

**Organised By:** Student Union Committee

**Report:** Cyber security refers to the body of technologies, processes, and practices designed to protect networks, devices, programs, and data from **attack**, damage, or unauthorized access the Resource person created awareness on **Cyber** attacks becoming increasingly damaging. The field is becoming more important due to increased reliance on computer systems, the internet and wireless network standards such as Bluetooth and WiFi, and due to the growth of smart devices, including smartphones, TVs , and the various devices that constitute the "Internet of things". Owing to its complexity, both in terms of politics and technology, cyber security is also one of the major challenges in the contemporary world. They cautioned the students through PPT and distribution of pam plates and insisted that to secure a computer system, it is important to understand the attacks that can be made against it, and these threats can typically be classified into different categories.
