DESCRIPTION OF THE PROGRAM:

On the occasion of Krishna Pushkaralu a National Seminar was conducted in association with Department of Hindi on Nadi Prasasthyam –Paryavarana Chaitanyam on 04-08-2016. Krishna Pushkaralu is a festival of River Krishna which normally occurs once in every 12 years and is celebrated with much Glory. The guest addressed the students about Krishna pushkaralu and the importance of rivers. Rivers carry water and nutrients to areas all around the earth. Rivers drain nearly 75% of the earth's land surface. The Krishna River is the fourth-biggest river in terms of water inflows and river basin area in India, after the Ganga, Godavari and Brahmaputra. It is one of the major sources of irrigation for Maharashtra, Karnataka, Telangana and Andhra Pradesh. So it is our duty to protect our environment. In this Seminar 75 members presented papers on various environmental issues.
