

OVERVIEW OF RECOMBINANT DNA TECHNOLOGY

Nature of programme : Guest lecture

Resource person : Dr.P.Sudhakar Assistant professor

Department of Biotechnology, ANU, Guntur.

Date : 24-07-2017

BRIEF REPORT:

Dr.P.Sudhakar explained the history of r-DNA technology ,Central Dogma of Molecular Biology , Various tools, vectors, plasmids, cosmids and enzymes like DNA ligase , Restriction Endonuclease used in r-DNA technology.
