

# INDUSTRIAL VISIT

## HINDUSTAN LEVER COCA- COLA INDIA LIMITED

On 12-08-2014

### BRIEF REPORT:

The Department of Biochemistry organized an Industrial Visit to ***Hindustan Lever Coca - Cola India Limited*** to the students of I and II FMB. There the students visited Quality Control Lab where quality of the product is checked undergoing various physical and biochemical tests. They also learnt the use of sophisticated equipment for testing the products, making of bottles through pressure technique, process of making different cool drinks like Coke, Thumps up, Maaza etc., by using syrups, water and  $\text{CO}_2$ , Packaging, Marketing issues etc.
