

Department of Biochemistry

Nature of Program : **Workshop**

Title : **Computational Molecular Tools**

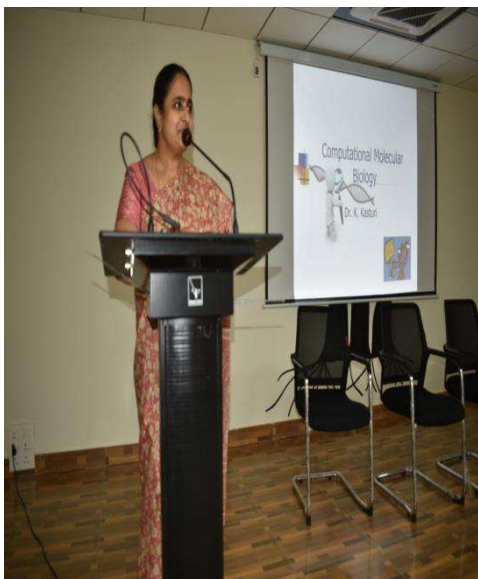

Resource person : Dr.K. Kasturi
Assistant Professor, Department of Biotechnology,
Acharaya Nagarjuna University, Guntur.

Number of students : **54**

Date : **05/11/2021**

Brief Report:

In this Workshop Dr.K. Kasturi explained about Bioinformatics and various tools used in Bioinformatics. She also enlightened the students on how to use various Websites like PDB, Genbank, DDBJ, SWISSPROT to get information of Protein and Nucleotide Sequences. Students were given hands on Experience referring to different websites for Sequence Alignments and also to run information of Protein and Nucleotide by using BLAST and FASTA.

Guest Dr. K. Kasturi
