

STUDENT INDUCTION PROGRAMME

Preamble:

Arranged Poster Making Competition (Student Induction Programme) for I B.Sc. MSCA students on 27-01-2022.

Participants:

44 students of I B.Sc. MSCA

Description of the Programme:

As part of Student Induction Programme, the Department of Statistics organized Competition in Poster Making for the first year MSCA students. Students expressed their views and ideas through paintings and sketches. Students prepared many posters relating to different statistical tools. Posters prepared by the students were representing the tools and their real-life applications, uses etc., in a precise manner.

Sk.Nazia got 1st Prize and P. Nandini got 2nd Prize.

Students of I MSCA class presenting their posters.

Students of I MSCA explaining the poster prepared by them
