

FIELD TRIP TO FISHING HARBOR AND SHRIMP HATCHERY

Date : 06-12-2021

Class : II AZC

Place of Visit: Nizampatnam
Guntur Dist.

Brief Report: Students visited Fish Landing Centre at Nizampatnam and observed several varieties of marine fish, shrimp, crabs and molluscs in the catch. They also visited shrimp ponds and observed the culture aspects of *P.monodon* (tiger prawn) and gained knowledge in types of feed, feed management, pond management and disease management. At the Ice Crushing Factory they observed the process of formation of ice blocks and their crushing mechanism.
