## DESCRIPTION

The "Student Union" Committee of Sri Durga Malleswara Siddhartha Mahila Kalasala organized an awareness conference for students on "World Suicide Prevention Day" today i.e. 09-10-2024.

Dr. S. Kalpana, The Principal of the college attended the program, which was presided, Speaking on this occasion, man's life is very valuable, there are many problems in life. It was explained to the students that they can face them bravely but not end life half-heartedly.

Dr. R. Madhavi . special officer of the college said that human life is the most superior of all living beings and suggested that such a life should not be ended by falling under

Mrs. M Shravani, the famous "Spark Psychologist" who was the chief guest said that many people in the society are suffering from various problems. There are many people who have no face, eyes, and disabilities who have obtained higher education and got higher positions. So to protect the youth from such situations and give them appropriate counselling

Also, Sri.Jaga Ramesh Bapishetty, Director of "Spark" organization, said that today's youth are facing many threats in the name of Chadavu. He opined that they are being bullied and are committing suicide because of the situation. Also some people do not know how to settle down in life and suffer from mental depression due to illness. Therefore, it is advised to identify such people immediately and counsel them.

Renowned psychologist Smt. P. Ramadevi Garu said that today's youth between i.e.,15-28 years of age commit suicide most of the time, every 40 seconds at least one commits suicide all over the world. The percentage of suicides is high mainly among the youth. The reason for this is the discrimination shown towards girls in the family, not growing up in the presence of parents, those who do not give the right advice and support at the right time or they are dissatisfied and leave. It is pointed out that not only their family but also the society will suffer a lot due to such developments. So today's youth should not take any hasty decisions, he commented that if we put our effort into every problem, there are ways to solve it.

Student Union Convener Dr.P.V. Durgavati and the committee members made the program a success.

## Outcome of the programme

The awareness conference on "World Suicide Prevention Day," held on October 9, 2024, by the Student Union Committee at Sri Durga Malleswara Siddhartha Mahila Kalasala, was impactful and well-received. Principal Dr. S. Kalpana emphasized the importance of valuing life and facing challenges bravely. Special Officer Dr. R. Madhavi highlighted the preciousness of human life, while chief guest Mrs. M. Shravani urged the need for counseling to support youth.

Director Sri Jaga Ramesh Bapishetty addressed the pressures faced by young people, advocating for immediate identification and assistance for those struggling. Psychologist Smt. P. Ramadevi shared concerning statistics about youth suicide rates, emphasizing the need for timely support and understanding.

Led by Student Union Convener Dr. P.V. Durgavati, the event successfully raised awareness about mental health issues and fostered a supportive community, encouraging students to seek help and promoting mental wellness.

## Feedback on the program

The feedback from the World Suicide Prevention Day program indicates a successful initiative that effectively raised awareness and fostered community support. The suggestions for improvement will be considered for future programs to enhance engagement and outreach.
