

Visit to “SMILE Beggary Scheme Shelter Home”

On 06-03-2024 , a group of 19 students from BA 1st year participated in an extension activity aimed at understanding socio-economic issues firsthand. This visit was organized as a part of our Economics curriculum to provide practical exposure to the challenges faced by marginalized sections of society. We visited the “SMILE Beggary Scheme Shelter Home”, operated under the Ministry of Social Justice and Empowerment (MSJE) in collaboration with the Vijayawada Municipal Corporation (VMC)

Upon reaching the shelter home, we were warmly welcomed by the staff and residents. Our group was divided into smaller teams, each assigned to interact with different groups of elderly individuals. Through these interactions, we learned about their life stories, challenges, and aspirations. It was a humbling experience to listen to their journeys and the hardships they had endured. After interact with the students Distributed 25 Kgs Rice Bag, Coconut oil, Tooth paste etc.
