Participants:

II STAT, III STAT, II CSCS, II DS students of SDMSMK.

Resource persons:

Phanindra Sarma, I.S.S., Assistant Director, Directorate of Census Operations, A.P.

Description of the Programme:

Every year, June 29th is celebrated as National Statistics Day marking the significance of the birth Anniversary of Prof. Prasanta Chandra Mahalanobis, honoring his pioneering work in statistical science and economic planning. The theme for 19th National Statistics Day 2025 in India is "**75 Years of National Sample Survey**", highlighting the significant contribution of the National Sample Survey in providing reliable and timely statistical data that supports evidence-based decision-making and governance in India. Emphasizing the role of statistics in informed decision-making and policy formulation. Promoting the understanding and application of statistical tools and techniques in various sectors. Highlighting the importance of statistics in achieving sustainable development and inclusive growth. In conclusion, the significance of the statistics will only continue to grow as its importance is beyond mere data analysis, it supports decision-making, drives research and development, and solve the complex problems and also provide many carrier opportunities, as data becomes increasingly integral to our lives.
